Silof Projects trading as

Gabions & Landscaping SA, GabionsLand, masters of retaining walls and landscaping projects. **GabionsLand** executes (gabions, loffelsteins and armoflex) projects and landscaping projects to the highest quality standards for both private and public clients. We have strategic partnerships with well established and credible suppliers in the industry, which ensures cost effective execution of projects.

We have been in business since 2016 with a wide ranging portfolio of both retaining walls and landscaping. Our business model is based on delivering excellent and superior services/products to our clients by employing highly experienced and suitably qualified personnel to design, implement and manage all our projects.

Our specialities:
